Navigating Opportunities for Integrating
AI-Generated Notes in ICU Workflows

https://researchsurveys.deakin.edu.au/jfe/form/SV_6JbYpmbqVDR67A

AI-assisted documentation in ICU – what do you think?

AI scribes are beginning to be used for clinical documentation. We're interested in understanding ICU clinicians' perspectives on how we could use them in ICU.

No AI knowledge needed – just your ICU experience

Who's eligible to participate:

Clinicians (doctors, nurses, allied health) currently working in an ICU

What's involved:

- 45 - 60 minute online interview
- Flexible timing
- Confidential
- Gift card to acknowledge your time
