

Are you Currently Employed as a Nurse and/or Midwife in Australia?

If so, would you be willing to complete an anonymous 10-minute survey about your confidence in recognising and managing a deteriorating woman during the peripartum period?

Transforming Clinical Deterioration
Recognition Through Interprofessional
VR Education

About the study?

Data collected through this survey will help us understand nurses' and midwives' confidence in recognising and managing deteriorating women and will inform the development of an interprofessional education intervention.

What is involved?

- An anonymous 10 minute survey
- Participation in this study is entirely voluntary
